HP Color LaserJet Enterprise X57945 series printers

Product Guide (X57945 series)

Powerfully compact. Extraordinarily efficient.

Modern work environments have become more dynamic, requiring teams to be more adaptable in their methods of operation. Stay a step ahead with the powerfully innovative HP Color LaserJet Enterprise X57945 series MFPs and printers, designed to deliver advanced capabilities that help transform your workflows for enhanced productivity and document management. Scalable solutions evolve alongside your business, and the most secure printing technology in the world ensures that your workforce is prepared for what the future brings. Discover how this managed portfolio can power your business today.

Everything you expect from an office printer

Customizable and scalable solutions

Fast and seamless digitization

Footnotes

1. Solutions deployed through the Hardware Integration Pocket (HIP) may require additional purchase.
2. An administrator must enable the easy-access USB port before use.
3. Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see hp.com/go/printer claims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
4. Scan speeds measured from ADF. Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software.
5. HP Security is now HP Wolf Security. Security features vary by platform, please see the product data sheet for details.
